

North Higgins Lake State Park

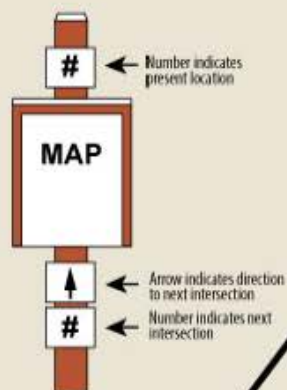

Hiking & Ski Trails

- Upland Nature & Fitness Trail - 1.5 Miles
- Bosom Pines Trail - 3.8 Miles
- Beaver Creek Trail - 6.5 Miles

The number 1 on the map is the beginning of the hiking trail system, and the numbers 2 through 8 mark the intersections of the trails.

As you walk or ski the trails, you will cross narrow, two-track trails once used as fire breaks. These fire-break trails are oriented North-South and East-West. They are indicated by straight lines that form a square grid on the map. Each square represents an area of 40 acres.

Dogs are prohibited on groomed ski trails.
