BARNWELL STATE PARK

Barnwell State Park is a community favorite among the residents of Blackville, South Carolina. One of 16 state parks built by the Civilian Conservation Corps during the Great Depression, Barnwell is best known for its great fishing spots. Three small lakes host a large population of crappie, bream, bass and catfish.

Overnighters can take advantage of the Barnwell State Park cabins and campground, all of which sit only a short walk from the park lakes. Recreational opportunities include non-motorized fishing boat rentals, picnicking and a nature trail that winds around one of the lakes. A community building is available for meetings, reunions, weddings and other group gatherings.

To ensure that your state park experience is enjoyable, please be aware of the dynamic characteristics of the natural environment. There are some areas that may be potentially hazardous. All visitors should exercise caution when visiting any state park. Anyone who is unsure about possible hazards should contact a Park Ranger.

PETS

Beginning January 1, 2020, pets will be allowed in cabin 2. This cabin will be designated as pet-friendly. Pets are allowed in most other outdoor areas provided they are kept under physical restraint or on a leash not longer than six feet. Owners will be asked to remove noisy or dangerous pets or pets that threaten or harass wildlife.

FISHING REGULATIONS

Before fishing, be sure you're aware of both state and park-specific fishing regulations. Limits may vary and are posted throughout the park. Park rangers are available to answer any questions.

A valid South Carolina fishing license is required for ages 16 and up.
