Sheriff Dept. will dispatch park rangers

DOUBLE SPRINGS BOAT-IN CAMPGROUND INFORMATION

There is a total of 25 boat-in backcountry campsites, all of which are in the same general area and require a short moderate hike. Each site has a fire ring and a lantern holder located on the site. All tents must remain on the designated pad. Total maximum occupancy for each site is 6 people and price range starts at \$40 per night. These sites must be reserved for a minimum of two nights and may be reserved by calling our toll-free number at 1-866-345-7275 or online.

There is no dock or ramp at the boat-in campsites; boats must be anchored or beached at this area. The approximate distance from the main boat launch area to the boat-in campsites is two miles with a short moderate hike. Camping is not permitted along any other areas of shoreline or on any of the islands located on Lake Jocassee. No water, electricity, comfort stations, or dock access is available for these sites. Double Springs is Leave No Trace campground, pack out what you backed in. Cutting of trees or other vegetation is prohibited. Pets are allowed in most outdoor areas provided they are kept under physical restraint or on a leash not longer than six feet. Owners will be asked to remove noisy or dangerous pets or pets that threaten or harass wildlife. Gas/electric generators, radios or other noise-producing equipment are also prohibited.

Devils Fork State Park does not rent boats. All types of boats are allowed on Lake Jocassee, provided that all boats with any size motor must be registered with the S.C. Dept. of Natural Resources. Canoes/kayaks/jon boats that do not have a motor do not need to be registered. Please contact S.C. Dept. of Natural Resources for information on boating registration.

NOTE

Lake Jocassee is a large, 9000-acre reservoir in Oconee County. Persons registering for the boat-in campsites must be aware of the weather at the time of departure to the boat-in sites. Inclement weather can quickly cause dangerous conditions for boat travel on Lake Jocassee, and all boaters should be aware of possible bad weather conditions before attempting to access the sites. Devils Fork State Park does not provide boater assistance in case of breakdowns or emergencies. For more information contact Devils Fork State Park directly.
