TABLE ROCK STATE PARK

Venture to South Carolina's mountainous Upstate for an abundance of natural beauty and exciting outdoor activities at Table Rock State Park. Locals and visitors can enjoy Table Rock State Park cabins, a wooded campground, an old-fashioned swimming hole on one of the park's two lakes and stunning mountain views throughout this 3,000-acre park.

Table Rock State Park serves as an access point for the 76-mile Foothills Trail that hikers can use to travel between Table Rock State Park and Oconee State Park. The park's hiking trails take hikers past mountain streams, waterfalls and to the top of Pinnacle and Table Rock mountains. While the park is well known to outdoor enthusiasts for its natural features, Table Rock also has its place in history. Many of the cabins and other facilities were constructed by the Civilian Conservation Corps and are on the National Register of Historic Places.
