Caprock Canyons State Park

Natural beauty surrounds you in the canyons beneath the Caprock Escarpment.

“Hay sierras debajo de los llanos” (there are mountains below the plains) was a common phrase used by early Mexican travelers who crossed through the area. Today you can hike bike, or ride horseback on more than 25 miles of trails through the scenic canyons, observe native prairie wildlife, and witness nature’s greatest living symbol of the American West, the bison..

TRAIL ETIQUETTE

- Trash your trash.** Keep the park natural. Pack out all of your trash and Leave No Trace.
- Leave feeding to nature.** Feeding wild animals will make them sick and more likely to harm people.
- Take only memories and pictures.** Please don't disturb or remove any of the park's plants, animals or artifacts.
- Keep pets on leashes** for their safety, and to protect wildlife.
- Please stay on designated trails.**

STAYING SAFE

- KNOW YOUR LIMITS.** Prepare for sun and heat. Wear sunscreen, insect repellent and appropriate clothing/hiking shoes.
- DRINK PLENTY OF WATER.** Your body quickly loses fluids when you're on the trail. Bring a quart of water per hour of activity.
- TELL OTHERS WHERE YOU'LL BE.** If possible, avoid exploring alone. Tell someone where you are going and when you plan to return.
- BIKE SAFELY.** Check with park HQ to match the trail to your skill level. Wear a helmet to protect yourself in case of a crash.
- DO NOT APPROACH BISON.** Bison are wild. Stay at least 50 yards away. Never surround, crowd, approach or follow bison or any other park wildlife.
