Hueco Tanks State Park & Historic Site

Hike through history amidst our spectacular geologic features.

People have been drawn to these sacred rocks for thousands of years. Rock basins, called huecos, provide water for wildlife ranging from mule deer to fairy shrimp. Pictographs on the granite-like walls tell stories of the past. Help preserve these stories for future generations and maintain a clean environment for wildlife.

STAYING SAFE

- KNOW YOUR LIMITS.** Prepare for sun and heat. Wear sunscreen, insect repellent and appropriate clothing/hiking shoes.
- DRINK PLENTY OF WATER.** Your body quickly loses fluids when you're on the trail. Bring a quart of water per hour of activity.
- TELL OTHERS WHERE YOU'LL BE.** If possible, avoid exploring alone. Tell someone where you are going and when you plan to return.
- YOU MAY NOT BE ABLE TO CONNECT.** It's a good idea to take along a cell phone and GPS unit, but don't count on them.
- PROTECT THE PARK.** Do not touch any pictographs or step in huecos. Protect the park's stories and wildlife.

FOR EMERGENCIES, PLEASE CALL 9-1-1.
