POINTS OF INTEREST

(GPS coordinates shown in decimal degrees)

- 1 POWER PLANT**
32.2701° -94.5632°
From here, you can see the source of the humming sound heard in parts of the park: the power plant across the lake. It produces enough energy daily to power over a million homes!
- 2 BIRDING**
32.2778° -94.5774°
Bald eagles and osprey can sometimes be seen on this lake in fall, winter and spring. Take a moment here to scan the waters, and see what birds you can find!
- 3 HISTORIC OLD HENDERSON ROAD**
32.2796° -94.5753°
Follow in the footsteps of many others before you, and time travel down Old Henderson Road, a remnant of an old trade route from Henderson to Shreveport.
- 4 GAS WELL PUMP**
32.2773° -94.5716°
Operational before the park opened, this gas well pump has been in place for more than 40 years!
- 5 PINE PLANTATION**
32.2768° -94.5694°
Notice anything about these trees? They seem evenly spaced, because they are! This area is the last section of an old pine plantation. Take a second and marvel at the almost optical illusion the trees form.
- 6 HARMONY HILL CEMETERY**
32.2787° -94.5665°
Peer through the trees, just outside the park's boundary, and catch a glimpse of the historic Harmony Hill cemetery, this trail's namesake. The earliest known grave dates back to 1844.

STAYING SAFE

- KNOW YOUR LIMITS.** Prepare for sun and heat. Wear sunscreen, insect repellent and appropriate clothing/hiking shoes.
- DRINK PLENTY OF WATER.** Your body loses fluid quickly when you’re on the trail. Bring a quart of water per hour of activity.
- TELL OTHERS WHERE YOU’LL BE.** If possible, avoid exploring alone. Tell someone where you are going and when you plan to return.
- BIKE SAFELY.** Check with park HQ to match the trail to your skill level. Wear a helmet to protect yourself in case of a crash.
- POTENTIALLY HARMFUL PLANTS AND ANIMALS LIVE HERE.** You’ll see them more easily if you stay on trails.

TRAIL	DISTANCE	DIFFICULTY	DESCRIPTION

- Take only memories and pictures.** Please don’t disturb or remove any of the park’s plants, animals or artifacts.
- Keep pets on leashes** for their safety and to protect wildlife.
