

QUARTZ MOUNTAIN

FIRE LOOKOUT

- **Fastest route to the Quartz Mountain Fire Lookout is the highlighted route above (2.7 miles one way),** but any trail to Junction 1 and to Junction 2 can be taken.
- Once you reach Junction 3, take Lookout Trail or the alternative single-track trail as shown above to reach fire lookout.
- The single-track trail will save you a little distance but is a more difficult route that does not accommodate wheeled carts or strollers very well.

- No pets are allowed in the historic fire lookout.
- If you are day hiking to the Lookout, out of respect for the people renting the space, please stay off the tower and avoid invading the privacy of the guests.
- The Lookout can be rented by visiting the Washington State Parks reservation site: [washington.goingtocamp.com](http://www.washington.goingtocamp.com)
