

LAKE WISSOTA STATE PARK

Winter Trails Map

We have developed a new groomed trail system for multi-use winter activities - Enjoy!

Our volunteer groomers put in a lot of effort to keep the trails well-conditioned, but we need your help too!

Please use the designated ski trails for skiing only. Hiking, snowshoeing and pets are not allowed on the ski trails (walking in the set tracks and leaving footholes in the trail creates hazardous conditions for the next person on the trail).
